

GMVA is very thrilled to announce that Katherine Ferris has signed to go and play with Hofstra Pride University in New York and will play in the NCAA Division 1 for the next 4 years. The road has not always been an easy one but she is now reaping the rewards of her dedication to her training and education.

Katherine has been a dedicated volleyballer learning her trade at the Falcons volleyball club for 3 years and the Greater Melbourne Volleyball Academy for 4 years. In the past VVL season she moved the Monash University Volleyball Club.

The full athletic scholarship was found through partners GMVA and Strive 4 College and has been in the works for the past few months.

For the past 3 years Katherine has played for Victoria in the Indoor State Volleyball teams making the "Blue" team each year. She has also represented Victoria in beach volleyball twice.

At GMVA we are very proud of Katherine and wish her all the best on her amazing adventure joining the other Victorian girls in the USA at college. Until Katherine leaves she will be working at St Michaels Grammar as a volleyball coach helping to pass on her knowledge to the next crop of young athletes.

It great to again see what the State Team Program, Club, School and Academy Volleyball can lead to for our athletes here in Victoria.

Best of luck Katherine.
